What is 4-H? Have you ever told someone that you're in 4-H and had them ask you this question? Frequently, when I'm asked what I do for a living and answer with, "I'm the Cowley County 4-H Extension Agent", I get a funny or questioning look accompanied by the question, "What is that?".

How do you answer this question? Those of us who have grown up in 4-H know what our organization is, but it's still a difficult question to answer. Do you tell people that 4-H is a club? Is it a project that you do at the fair? Is it meetings that you attend monthly? While some of these are good ways to describe what we do, they don't really answer the question, "What is 4-H?".

Most people think 4-H is only for farm kids. They think you have to live on a

farm and/or raise animals to be a part of 4-H. While 4-H has a history rooted in agriculture, we are not an organization limited to farm/rural families. 4-H offers so many opportunities to our local youth to grow in many different ways and learn about all kinds of different things. With projects in Science, Arts, Engineering, Technology and Natural Resources, kids have the opportunity to learn about anything they want to. The opportunities in 4-H are endless.

So, how do you answer the question, "What is 4-H?" 4-H is a network of families that grows great kids. In order to explain and model what 4-H is to others, we must think of the 4-H program beyond the projects that we do at the fair. 4-H is a program that prepares youth for school, work and

life, not just an exhibit at the fair. As we begin 2015, let's think about sustaining our organization for the future by modeling what 4-H is really about, a network of great families and great kids involved with hands-on learning opportunities. Encourage your friends to Join the Club!!

For information on how to give a Demonstration/Illustrated Talk visit <http://www.youtube.com/watch?v=KilffvgoVtw>

Multimedia Presentation

This is a new category in 2015. Electronic presentations are designed for youth who choose to speak with the use of a powerpoint, DVD player or other generated program. A multi-media presentation can be defined as media that combines different content forms such as text, audio, still images, animation and video to get a multi-faceted finished product. The participant must be present to give the presentation. Recordings of the presentation will not be allowed. Because this is a new category, all ages will be combined into one division. Equipment provided will include an LCD projector. All other equipment and connections must be provided by the participant. A copy of the 6-slide per page printed handout must be provided to the judge. A maximum time of 10 minutes will be allowed for the presentation.

Show and Share

Show and Share is intended for first and second year 4-H members and Clover Buds to have a non-competitive presentation experience. The presentation does not have to be related to a 4-H project or experience. Suggested maximum time limit is 5 minutes. Each participant will receive a participation ribbon.

Show and Share will be held at Regional 4-H Day for first and second year 4-H members who are not qualified in another Regional 4-H Day presentation. The event will be held on a first-come, first-serve basis. Members may give their presentation and receive feedback to prepare them for future

talks/public speaking. All presenters will receive the same ribbon.

Pickle Power

Pickle Power is an activity at Club Day that is open to 4-H'ers who are Clover Buds, Juniors or Intermediates. Each member will be given a scenario with a decision to make. They will present their decision and have a discussion with the judge. This is a great way to practice decision making skills and learn to speak in front of a group.

Impromptu Public Speaking

Impromptu Public Speaking will be held at 4-H Day for Seniors. Members will draw a topic from a hat and will be given 5-7 minutes to prepare their presentation.

Favorite Family Foods Show

Eating together encourages family togetherness, provides better nutrition and is enjoyable! Showcase how you enjoy your "Favorite Family Foods" at 4-H Club days on February 14. This is a virtual foods show since no food will be on display.

Participants choose their favorite menu and prepare one item in advance for their family at home. Take photographs of the food (and the member in action) to display with your entry (either a table setting or table exhibit). Complete descriptions of the categories, examples and table setting information is available at <http://www.cowley.ksu.edu> under the 4-H Youth Development tab.

Members must set up the table setting or exhibit by themselves by 9:00 a.m. on Saturday, February 14, 2015. Consultation judging will begin at 9:00 a.m. Pre-entries for the Favorite Family Foods Show are accepted with Club Days pre-entries.

Categories:

1) Table Setting and Menu

Participants choose and print a menu (consider MyPlate recommendations) and display it with a proper place setting (placemat, napkin, flatware, plate, cup). At home, participants will make one item from the menu (ie, the favorite food) and take photographs of the member in action making the favorite family food and the finished food item.

2) Table Exhibit

Participants complete the table setting and menu but add a table, tablecloth and centerpiece. The member should identify one of the menu items that they have prepared for their family and be knowledgeable about preparation steps and nutritional value. Display photographs of the member in action making the favorite family food and the finished food item.

Citizenship in Action (CIA)

Would you like to have more influence in laws and rules that affect your life? Then you'll want to go to Kansas 4-H Citizenship in Action! This two day event

sponsored by the State 4-H Youth Leadership Council, will be held Sunday, February 15 through Monday, February 16, 2015 at the State Capitol in Topeka. The cost to attend is \$165. All youth 13 to 19 years old by January 1 of the current year are eligible to attend.

National Festival of Breads Opportunity

Kansas Wheat is hosting the National Festival of Breads contest and, for the second time, is featuring a youth division! One youth grand prize winner will be selected and will receive a \$300 scholarship. Two youth entries will receive a runner-up prize of a \$100 scholarship. More prize packages are detailed in the official contest rules at nationalfestivalofbreads.com.

4-H members or youth entering the contest need to submit their entries by January 16. The recipe should be an original one created by the entrant, which means lots of delicious taste testing for 4-Hers and their families! This contest is for yeast breads and quick breads only made with Red Star Yeast and King Arthur Flour.

The National Festival of Breads will be held in Manhattan on June 13, 2015 at the Hilton Garden Inn. The event is open to the public and features a variety of unique activities for 4-Hers and their families to enjoy: baking demonstrations, taste tests, a trade show and preparation of the finalists' entries for the contest.

Fiber Fans- February 6

4-H youth and friends are invited to participate in hands-on activities to explore and create with textile fibers. Volunteer Mary Dunkin will have a mini-project available on Friday, February 6 from 3-5:30 p.m. The open house format allows participants ages 5 and older to participate as their schedule allows. Please allow at least

The free event will be held at the Cowley County Courthouse,
